Be prepared for class
Stay Focused

Why we implemented PBIS (Positive Behavioral Interventions and Supports)

- We believe education shall benefit all students.

PBIS, when implemented with fidelity, allows students to learn and teachers to teach. PBIS creates a culture and climate in which students and staff know what is expected for success, are acknowledged when they are successful and supported when they need assistance.

PBIS is a decision making framework that guides selection integration and implementation of the best evidence- based academic and behavioral practices for improving important academic and behavior outcomes for all students.

Contact your child's teacher for additional information.
